

2. What will be the effect of the proposed two time frame charge-off options on institutions? If possible, please quantify, in dollar amounts and percentages (of total operating expenses), the impact of the proposed options in the charge-off policy in the first year of implementation and in subsequent years for open-end and closed-end credits on:

- (a) gross and net charge-offs;
- (b) recoveries;
- (c) earnings; and
- (d) securitization transactions.

3. What are the expected dollar costs of reprogramming to implement the first option (uniform charge-off policy at 150 days past due) and what percentage of total operating expenses do those programming dollars represent? Also, can the programming changes be completed by the proposed January 1, 2001 implementation date?

4. Please provide any other information that the FFIEC should consider in determining the final policy statement including the optimal implementation date for the proposed changes.

Dated: June 30, 1998.
